

Beaver Golf Club Spring Newsletter 2019

Welcome to spring!

With summer approaching, the Beaver Golf Committee held a spring meeting on April 30th.

The golf committee presently consists of the following:

- | | | |
|------------------|-----------------------|------------------|
| - Ryan Tynning | - President | Bob Talaga |
| - Michelle Aldag | - Secretary/Treasurer | Mike Rogowski |
| - Redge Lopeter | | Cheryl Hoshowsky |
| - Bill Aldag | | Tim Schuler |

We would like to add at least a couple more names to this list, so if you are at all interested, please contact anyone listed above.

We will be having a spring work bee:

**Saturday May 11th, 2019
10:00 A.M.**

At this time we will be removing all of the sand from the greens, screening it, and adding it to new sand, which we will be treating with chemical provided by Rawhide Supplements.

We will also do some preliminary work for sprinkler additions, changes, and repairs, and replace some sprinklers.

We will also be making a final decision on the location for #5 green, should it stay where it is? Or, if it moves, where to? This decision will be made on site this day, and will be final, so if you have an opinion, please be there for the discussion.

**Sunday May 12th
10:00 A.M.**

We will have a trencher provided by Riverside Electric, and we will be adding sprinklers on four holes, #3, #5, #7, and #8.

Any and all available help will be much appreciated on both of these days.
