

Welcome to “2018 Beaver Flat Pickleball” – this year’s motto “Let’s make Pickleball FUN”

The first thing you will notice is Beaver Flat now has two Pickleball courts – a “big thanks” to our council for getting that done. Now let’s get out and use them.

There are three tournaments planned this summer one of them being a “Junior” tournament. Hopefully there is enough interest and if not I was thinking we could have a “junior/adult team” tournament in its place. Once the date gets closer and I see how many are registered I’ll give you an update. You can also check out the website <http://www.beaverflatsk.ca/pickleball.html> for updates and more information.

As of now the fee for the “2nd Annual Beaver Flat” tournament is set at \$10.00 each. This is to pay for the 2nd net, paint and prizes.

The person I was planning on having come out and teach a Pickleball course is not available but most communities now have Pickleball leagues where they will teach you the game. If you want to learn here in Beaver Flat come and see Ron and Pat Moser and we’ll gladly do our best to teach you. There are others now here as well that could do the same. Remember – Pickleball is meant to be a FUN game where age does not matter.

Donations are always welcome and appreciated.
